

Mornington Peninsula District Women's Golf

Hosting a District Event

In February annually Club captains will receive a request to host District Events for the following year.

In May clubs will receive confirmation of the event that they are hosting and will be asked to confirm tee times and tees to be used.

Prior to the Event

Once the draw has been issued if possible please write names, date and tee times on scorecards.

All Championship events should be played from the plates as per the course rated length.

On the day of the Event

- Provide an area for registration and checking of scorecards.
- Display entry form, standard conditions of entry and play and event conditions.
- Provide copies of any Temporary Local Rules.
- For events with nearest the pins and longest drives select holes and organise for the recording boards to be put out on the selected holes.
- When possible MPDWG Committee will provide starters and registrars.
- Provide an area with a trophy table for presentations.
- It would be appreciated if a Host Club official could attend the presentations.
